

## Too Late / Odyssey

Gone are the chances I have passed by  
-sewn all my seeds to the wind  
Time can be nothing but pain in disguise  
-I'll never see you again

And it's too late  
to think of what I've left behind  
-dreams that have faded from view  
Too late – too late  
I've burned all my bridges with you  
and I can't walk on water

The road that I've traveled was my only hope  
-to keep free my body, my soul  
And it's taken me far - but left you behind  
and I'm longing to see you again

But it's too late  
to think of what I've left behind  
-dreams that have faded from view  
Too late – too late  
I've burned all my bridges with you  
and I can't walk on water

The hero and the boy are both long time gone  
-all that is left now is me  
Now I understand how blind I have been  
-missing my way back to you again

But it's too late  
to think of what I've left behind  
-dreams that have faded from view  
Too late – too late  
I've burned all my bridges with you

Did I reach for a sky that wasn't my own?  
Lost in my own world  
-now I can never come home  
to you

And it's too late  
to think of what I've left behind  
-dreams that have faded from view  
Too late- there's no turning back  
-nothing that I can undo  
And I can't walk on water
